Simplified traffic regime on the territory of the Republic of Moldova during the Easter holidays

During the Easter Holidays, which will take place in the periods April 15-17 and April 22-24, people traveling from/to the Transnistrian region will benefit from simplified traffic rules.

The measure comes in response to Chișinău's request to Tiraspol to ensure unconditional passage through the administrative line for all people who intend to visit their relatives, close persons or friends on the occasion of the Easter holidays.

We express the hope that this positive action will contribute in the future to ensuring the fundamental right to free movement of citizens throughout the country.
