

PM pays a working visit to north Moldova district

Prime Minister Alexandru Munteanu is paying a working visit to the northern Ocnita district today.

The PM will discuss with representatives of local public authorities and deconcentrated services the projects implemented in settlements and priorities for the upcoming period.

The prime minister will visit the village of Dingeni, Ocnita district, where, with the support of the government, more projects have been implemented that improve people's living conditions.

The PM will also go to the rescuers and firefighters depot in the town of Ocnita, recently inaugurated, as well as to an agricultural business in the region that has benefited from funds provided by the Organization for Entrepreneurship Development.
