

Public administration reform progress analyzed at meeting chaired by Deputy Secretary-General of Government

Deputy Secretary-General of the Government Lilia Dabija chaired the meeting of the working group responsible for public administration reform on 14 November. During the meeting, the progress of implementing the actions outlined in the Roadmap for Public Administration Reform—a key criterion in Moldova's accession to the European Union—was examined, as well as proposals for updating the National Program for the Accession of the Republic of Moldova to the European Union (PNA) 2025–2029.

Members of the Working Group presented the completed and ongoing actions from the Roadmap, which represent 82% of the total 117 actions planned for 2025–2027. Additionally, deficient aspects related to some actions were highlighted, and necessary measures to correct them were established.

The Deputy Secretary-General of the Government expressed appreciation for the constant efforts made by the responsible institutions and emphasized the need of fully and timely implementing the actions from the Roadmap as an essential element for Moldova's progress in joining the European Union.
