The gymnasium-kindergarten from Telita village, Anenii Noi rayon, enjoys improved study conditions due to allocations intended for the country’s reintegration activities

20.10.2021, Chisinau – The representatives of the Bureau for Reintegration Policies undertook a visit to Telita village, Anenii Noi rayon, where the new infrastructure of the gymnasium-kindergarten educational institution has been launched into service.

The capital repair works in the classrooms of the primary school, the rehabilitation of the infrastructure and the arrangement of the school stadium were carried out due to the 400 thousand MDL allocated through the Program of the Country's Reintegration Activities for 2021 and contributions provided by the local public authorities.

Thus, the educational process will be carried out in optimal conditions, meant to ensure a good functionality of the educational institution for about 100 pupils of the gymnasium and about 60 children who attend the kindergarten.

The Director of the Gymnasium-kindergarten, Mrs. Nelea Flocea and the Mayor of the locality, Mrs. Rodica Russu expressed their gratitude to the Deputy Prime Minister for Reintegration and the Bureau for their support in creating favorable conditions for activity and improving living standards, through the above mentioned Program.

The Program of the country's reintegration activities has an annual budget of 15 million lei, including eligible projects that are to be implemented in localities within the Security Zone. During the last years, Telita Hall implemented 7 community development projects, with an overall budget of 1,534 million MDL.
