Gymnasiums and lyceums teaching in Romanian that rent buildings in the Transnistrian region are ready for the start of the new academic year, following the findings made during joint inspections

Between August 29-30 this year, joint inspections were carried out in 5 out of the 8 educational institutions teaching in Romanian that have concluded rental contracts for buildings in the Transnistrian region, with the participation of experts from the Ministry of Education and Research, the Agency for Technical Supervision, the National Agency for Public Health and the representatives of the Bureau of reintegration policies.

Thus, on August 29, inspections took place at Roghi Gymnasium, Corjova Gymnasium in Dubăsari district and at ”Evrica” Theoretical Lyceum in Rîbnița, and on August 30 at the ”Lucian Blaga” Theoretical Lyceum from the city of Tiraspol and at the ”Alexandru cel Bun” Theoretical Lyceum from the city of Bender.

The experts evaluated the compliance with the sanitary-epidemiological requirements in force and the fire protection rules, noting that the given gymnasiums and high schools are prepared for the resumption of the educational process in the 2022-2023 academic year.

It is to be mentioned that in order to remedy the problems noted in previous years, for the year 2022, 3 projects of equipping with autonomous signaling and fire warning systems were financed through the program of activities for the reintegration of the country, in the amount of 445 thousand lei: at the ”Lucian Blaga” Theoretical Lyceum in the city of Tiraspol (90 thousand lei), at the ”Evrica” Theoretical Lyceum in the city of Rîbnița (155 thousand lei) and at the Roghi Lyceum in the Dubăsari district (200 thousand lei).
