The issue of illegal posts from the Security Zone remains under the focus of the Joint Control Commission

The Joint Control Commission met in a weekly session on November 3rd, 2022 in Bender.

Military observers reconfirmed the continued functioning of the posts of the Transnistrian force structures illegally established in the perimeter of responsibility of the Joint Peacekeeping Forces; fact which is also mentioned in the report of the Joint Military Command for the period October 26th - November 1st, 2022.

During the meeting, discussions were focused on the presence of these posts, which represent a destabilizing factor in the Security Zone.

The delegation of the Republic of Moldova insisted on the withdrawn of all the illegal posts and the weapon personnel abusively deployed by the structures subordinate to Tiraspol.

The destructive position of the representatives of the Transnistrian region did not allow reaching consensus this time either. The meeting ended without an expressly stated decision, and the members of the Commission will meet next week.
