New services available within the vehicle registration offices on the left bank of the nistru river

09.11.2021, Chisinau – As a follow-up to the previously communicated data, the Bureau for Reintegration Policies would like to inform that new categories of services are available within the Vehicle Registration Offices from Tiraspol and Ribnita. The provision of these services will contribute to increasing the number of applicants served and boosting the registration process with neutral model plates, due to the efforts undertaken by the Agency of Public Services.

Thus, beginning with November 9, the vehicle registration service for foreigners residing in the Transnistrian region is provided in the above -mentioned offices according to the mechanism documented between the concerned national authorities. A certificate is issued to confirm the state number of identification (IDNP) from the state informational resources.

Also, as of November 10 this year, the service of urgent issuance of neutral registration certificate, within 3 to 5 days, is available in the same Registration Offices.

Relevant legislation of the competent authorities of the Republic of Moldova has been approved in order to ensure the provisions of the above-mentioned services.
