

Serious incident in the Security Zone

During today's meeting of the Joint Control Commission (JCC), the Delegation of the Republic of Moldova reported a case of abuse against a minor, committed by members of the Transnistrian force structures in Bender (area with increased security regime) on January 20, 2023. The law enforcement bodies have launched an investigation into this unprecedented case.

The representatives of Tiraspol in the Commission were asked to rule out incidents of this kind in the future. The delegation of the Republic of Moldova in the Joint Control Commission will return to this matter as soon as the circumstances of the infraction are elucidated during the investigation.

The necessity to withdraw the control posts unilaterally installed in the Security Zone by the Transnistrian force structures remains as a priority topic on JCC's agenda.
