The 1650 pupils from the Latin script educational institutions in the Transnistrian region are studying in an ordinary regime

About 1650 pupils study in the Latin script gymnasiums and lyceums from the left bank of the Nistru and in Bender.

As of September1 this year, the Latin script educational institutions are working in an ordinary regime.

About 165 (10%) of those 1650 pupils got enrolled in the first grade, according to the plan approved by the Ministry of Education and Research.

The Head of the Sectoral Reintegration Policies Division, Aurelia Barbaros, attended the festive event dedicated to the beginning of the new school year 2021- 2022 and is in permanent contact with directors and teachers from the educational institutions mentioned above.

The normal functioning of the Latin script educational institutions in the Transnistrian region is permanently under Chisinau’s attention. The Republic of Moldova authorities take consistent efforts to ensure proper development of the teaching process.

Joint inspections of the 5 premises rented by the Latin script educational institutions in the Transnistrian region took place in mid-August 2021, in accordance with existing practices. Relevant specialists from both banks participated in these inspections. An assessment report will be issued.
