Meeting of the Joint Control Commission on 2 February 2023

The case of the minor from Hagimus, kidnapped on January 20 from a street in Bender by members of the Transnistrian enforcement structures, remains under the attention of the Joint Control Commission.

Through an address, the Chisinau delegation asked for explanations and investigation of the incident.

It should be noted that the situation is under the scrutiny of the authorities and public opinion, the criminal investigation ongoing according to the procedures provided for by national legislation.

During the same meeting, the new members and experts from the Republic of Moldova who will represent the Ministry of Internal Affairs and the Ministry of Defense in the Commission began their work.
