The Deputy Prime Minister for Reintegration Oleg Serebrian summoned the coordinators of the sectoral working groups from Chisinau

The Deputy Prime Minister for Reintegration Oleg Serebrian convened the meeting of the coordinators from Chisinau in the sectoral working groups, during which the current topics on the negotiation agenda were addressed, as well as the approaches of the authorities on the subject, the proposals and the viable options for solving these issues in the interests of the citizens from both banks of the Nistru river.

It was also requested that the intervention with relevant and permanent initiatives should proactively display Chisinau in the negotiations and identify technical and functional solutions to the most urgent problems, so as to promote the priorities of the government's reintegration policy.

Furthermore, the necessity of constant coordination of all the planned measures, the involvement of officials with relevant experience and skills in the joint meetings of experts from both banks, as well as the setting of an estimated calendar for convening the meetings of the sectoral working groups, was reiterated.

We remind you that in the current year, 9 meetings were held on the platform of the sectoral working groups, the most active being the experts in the field of health protection (4 meetings).
