Phytosanitary and veterinary experts convened a new meeting after a 14 months break

09.04.2021, Chisinau – The phytosanitary and veterinary experts from both banks of Nistru convened an online meeting after a break of one year and two months (the previous meeting took place on 5 February 2020). The 5+2 representatives also attended the meeting of the working group.

The meeting was initiated by the experts from Chisinau, who set out the procedures and rules to be followed for the transportation and customs clearance of veterinary/ phytosanitary/ pharmaceutical products, seeds and seedlings, plant protection products and fertilizers, through the crossing point Pervomaisc – Kuchurhan, located on the Moldovan-Ukrainian state border, in accordance with the provisions of point 21 of the Government Decision no. 960 of 07.11.2017.

In order to comply with the regulations stipulated in the above-mentioned normative document, the Moldovan side reminded about the need to submit a declaration on own responsibility by the importing economic agent that the respective batches are intended for and will remain exclusively in the Transnistrian region.

Other current issues on the agenda of discussions were related to the implementation of the provisions of the Protocol Decision "On the interaction in the veterinary field, quarantine and plant protection" of 15 February 2018.
